7IT Group company profile

Connect • Secure • Evolve

At a glance

7IT Group is a digital transformation partner operating between Africa and Europe, with offices in Yaoundé (Cameroon) and Germany. The company brings together IT, cybersecurity, training, digital, equipment and consulting, so that every organization, whether it has 3 or 3,000 employees, can move forward in the digital world without fear.

Mission and vision

- Mission: to give every organization the right to move forward in the digital world without fear, with reliable, secure and scalable solutions.
- Vision: to become, between Africa and Europe, the partner people call with confidence, the one who connects people, secures businesses and helps organizations grow for the long term.
- 2030 goal: to be a leading player in digital transformation, cybersecurity, training and IT consulting between Europe and Africa.
